

## AMBITION TECHNOLOGIES INTRODUCTION

*(A 13 Years old EDA Company)*

In partnership with technology leaders worldwide, Ambition Technologies offers an ecosystem of highly integrated Electronics design software and hardware solutions, tools and products for the Indian market. These products range from EDA Tools For PCB Design, VLSI- IC design, EM Simulation, Equipment for PCB prototyping, PCB Fabrication Product solutions, Developments Boards for IOT and LORA RF solutions, Electronics Instruments and Hardware Subsystems.

We are in to following solutions.

- |   |   |
|---|---|
| ○ ECAD Software   | EDWinXP (From Visionics Sweden)                     |
| ○ PCB Prototype Machine   | Nuline VECTRA (make in India)                       |
| ○ PCB & Antenna Prototype Machine   | Mipec Fully automatic (From Czech Republic)         |
| ○ EM Simulation Antenna Design Software   | Empire XPU (From IMST Germany)                      |
| ○ VLSI IC Design Software   | Empyrean Zeni EDA ( IC Scape Inc USA)               |
| ○ PCB Inspection system   | Nulinescope (make in India)                         |
| ○ PCB Rework station  | Nuline Soldering-Desoldering Station(make in India) |
| ○ Deepex Software for Civil and Geo Technical Engineers   |   |
| ○ Power Systems solutions   |   |
| ○ Power Electronics Solutions   |   |
| ○ IOT Solutions (LORA)  |   |
| ○ Many other hardware solutions like Hantek DSO and logic analyzer, PO Scope, Powered Breadboard MegiQ RF Solutions |   |
| ○ 3D Printer  |   |
